

Role and Duties of Examination Committee (Internal and University Examination)

The Principal form internal examination committee which monitors and facilitates internal assessment related activities throughout the year. The records of internal assessment are kept in the respective academic departments. Important circulars and notices regarding the evaluation process are displayed on the college notice board and also circulated in class. The committee prepare time table for conducting unit test and pre-semester examination. In addition to this, informal instructions regarding evaluation process are given by committee time to time. Internal assessment of every subject and skill development subjects are done in every semester with the help of examination committee. The committee monitors the evaluation process by specifying the methodology and keeping records of outcomes.

The college examination committee is always alert and careful to handle examination related grievances of students if any. Examination committee of the college is responsible to ensure effective implementation of the evaluation process prescribed by the Parent University.
